

2GX

BOLD. NEW.
EMPOWERING.

The new 2GX combines the advantages of a modular folding frame with the high strength and vibration dampening characteristics of titanium. Add full adjustability and the 2GX is designed to empower - no matter where you choose to roll.

*Weights / widths based on 16" x 16" (40.5 x 40.5 cm) chair, 0° camber, minimum rear wheel spacing and standard features. Rear wheels not included in transport weight. For reference, two standard 24" (540) rear wheels weigh 7.2 lbs (3.3 kg).

MODULAR DESIGN.

The modular frame design of the 2GX facilitates configurability in the field. This includes adding aftermarket seating systems, switching fixed and swing away front ends, and growing chair width and / or depth to meet changing customer needs.

CUSTOM CONFIGURATION.

Custom Configuration allows you to add options and components to your chair to meet your needs and to optimize your riding experience. This includes choices of wheels, handrims, tires, wheel locks, color, tattoos, and more. TiLite offers more options than any other manufacturer!
