

AERO X

THE SERIES 2
REVOLUTION.

The reimagined Aero X features an innovative modular frame design with clean, modern lines and configurability in the field.

Add superior rolling dynamics and full adjustability, and you get an Aero X that excels in both performance and price.

MODULAR DESIGN.

The modular frame design of the Aero X facilitates configurability in the field. This includes adding aftermarket seating systems, switching fixed and swing away front ends, and growing chair width and / or depth to meet changing customer needs.

CUSTOM CONFIGURATION.

Custom Configuration allows you to add options and components to your chair to meet your needs and to optimize your riding experience. This includes choices of wheels, handrims, tires, wheel locks, color, tattoos, and more. TiLite offers more options than any other manufacturer!
